

## TERRACE AREA INTEGRATED SOLID WASTE MANAGEMENT PROGRAM

## NEW – Cardboard and Paper Segregation

### Material Restrictions

The Thornhill Transfer Station and the Forceman Ridge Waste Management Facility are scheduled to open in fall 2016. Some materials currently accepted at existing facilities, including cardboard and paper products, will be progressively restricted prior to the opening of the new Transfer Station. These materials will no longer be accepted when waste management facilities are completed in the Terrace area.

### Source Separation

Industrial, Commercial & Institutional (IC&I) businesses in the Terrace area will be expected to source separate cardboard and paper products from their general waste. As an option, cardboard and mixed paper can be collected and transported to Do-Your-Part Recycling for processing. The cost for disposal is \$99/tonne.

### Diversion Options

Four companies currently collect IC&I cardboard and paper products in the Terrace Area:

- *Waste Management Inc.* 1-888-974-8973
- *Geier Waste Services Ltd.* 250-638-1100
- *Do Your Part Recycling* 250-615-7692
- *The Confidential Shredding Company* 250-641-4186 (paper only)

For information on these changes, or the Terrace Area Integrated Solid Waste Management Program, please call the Regional District at 250-615-6100, or visit [www.rdks.bc.ca](http://www.rdks.bc.ca).
