TRUE BLUE

YOUR SAFETY IS OUR #1 PRIORITY. WE HAVE A FEELING YOUR FAMILY WOULD AGREE.

Who We Are

We're a diversified construction company, made up of teams of people who are proven in their industries. All working to design, build, transport, operate, and maintain projects all over North America. But we believe that projects are about more than concrete and steel. They're about people and the power of partnerships. Partnerships with our employees, our communities, our contractors and clients.

We believe in building trust in the places where we do business—whether that's by engaging honestly, by giving back, by putting safety first, or by looking for smarter, more sustainable ways to get the job done right.

Why Choose Ledcor

Want a career that means more? Many construction companies boast of award-winning projects, big equipment, and challenging work. What makes a career at Ledcor different? Our work is challenging, our equipment is huge and we have been honored with our fair share of awards. But there is something different in the air at Ledcor. It's a spirit of family and an uncompromised commitment to each other. Every member of our Ledcor team contributes and is part of our story.

Labourers – Industrial Construction

Ledcor

Category: Trades
Location: Edmonton, Alberta
Title: Labourers – Industrial Construction
Job ID: 9944
Job Status: Full Time Temporary

Job Summary

You are a Skilled Labourer seeking a great wage, extensive benefits, and a company who prides themselves on safety. If you have previous experience working alongside concrete crews within an industrial construction environment then take advantage of the opportunity to be home at the end of each work day.

Join the Ledcor Civil team at the North West Redwater Sturgeon Refinery project! This position is intended for local residents from the Edmonton area beginning in April 2015 and will feature a 5/2 work schedule with ten hour days.

Responsibilities

- Perform tasks on the labour crew to support industrial operations
- Provide general clean up and ongoing monitoring and maintenance of work area
- Conduct ground work including shoveling snow, raking, pumping water, and prepping ground for concrete
- Act as a spotter for heavy equipment
- Assist carpenters with forming and stripping concrete forms
- Pour small foundations and pedestals as well as pick up and deliver materials
- May perform other duties as assigned

Requirements

- Must have previous concrete experience in an industrial setting
- Must successfully complete pre-access drug and alcohol testing
- Must have previous experience working in an industrial setting
- Must possess valid CSTS .09 (Construction Safety Training Systems) certification
- Must possess a valid form of government issued photo identification

Work Conditions

- Applicants that reside in Edmonton, AB and surrounding areas will be given preference due to the location of this project
- 5/2 schedule working 10 hours per day
- Benefits provided by CLAC
- Work will be primarily outdoors in various weather conditions

Ledcor Civil builds and maintains infrastructure in various industries including oil and gas, transportation, and mining. We're experts in public and private infrastructure construction and maintenance – from national highways to bridges, from airports to underground utilities and independent power projects. We also work on roads, earthworks, foundations, dams, power systems, and waterways.

But when you work for Ledcor, your experience will go far beyond the project. Do you want a career that means more? Join our True Blue team now!

Edmonton, AB
Edmonton, Alberta
